

For an AcoustiClean® System Quick Quote, Please answer the following questions. A Sales Engineer will contact you within 1-2 business days.

Company Name _____

Contact Name and Title _____

Address _____

City _____ State _____ Zip or Postal Code _____

Country _____ Phone _____ Fax _____

Email _____

1. Description of material to be handled. Include information such as moisture content, bulk density, particle size, if applicable:

2. Description/type of the vessel(s). For example: bin, hopper, ESP, baghouse, etc. Include number of vessels, shape (cylindrical, rectangular, etc.), and approximate size, if possible.

3. What is the available compressed gas pressure? Please include unit of measure: CFM or m³/min.

4. What is the preferred electrical supply type, voltage, and designation (ex. NEMA, ATEX rating)?

5. Are there any space and/or temperature considerations for mounting horns?

Control Concepts will provide a quick quote based on the information supplied above. In some instances, more detailed information will be needed to provide the best solution for your specific application needs.
